EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Brian C. Trask on 24 May 2005.

The application has been amended as follows:

IN THE CLAIMS

- In claim 17, line 2, the word "type" has been deleted
- In claim 17, line 12, the word "holding" has been replaced by the word - - hold-down - -
- In claim 23, line 6, the word - - a - - has been inserted before the word "hold-down"
- In claim 23, line 7, the word - - a - - has been inserted before the word "retention"

2. The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the claim combination, comprising a roller-chain around first and second spaced apart sprocket assemblies, and a slide-together fit structure to form an interference between structure associated with said foundation and structure associated with said guide plate, is allowable over the prior art of record.

Regarding claim 17, the claimed method steps, for installing a guide plate for a roller-chain onto a chain conveyor, comprising transversely sliding said guide plate to a second position to engage a first portion of said hold-down structure with a second portion of said socket structure to form structural interference, and installing a stop element to resist motion of said guide plate, are allowable over the prior art of record.

Regarding claim 18, the claim combination, comprising a roller-chain, plug-then-slide arrangement, and a plurality of ridge elements, is allowable over the prior art of record.

Regarding claim 23, the claimed method steps, for installing a guide plate for a roller-chain onto a chain conveyor of a sawmill, comprising lowering said guide plate into engagement with said foundation structure to place hold-down structure in reception within a retention socket structure, and transversely sliding said guide plate to form a structural interference operable to resist displacement, is allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Richard Ridley whose telephone number is (571) 272-6917. The examiner can normally be reached on Mon-Fri 7:30 am - 4:00 pm.
